

## E-sources

### on automatics, electronics, electrical engineering, computer science, telekommunication in the AGH University Main Library

(databases, journals, books, conference materials)

**For whom?** For employees, PhD students, and students of faculties: WEAIiB  , WIEiT , WIMiP  and everyone interested!

**How to access resources?** Preferably, from the Main Library website. Please select the E-Resources and catalogues tile, then click on Subject categories, the discipline and database or collection you are interested in. You can use our e-resources from anywhere in the world! Before that, be sure to register at the Library and/or activate your library account for the current academic year.

**Any questions?** Please contact the Reference Department, 1st floor, room 121, e-mail: oin@bg.agh.edu.pl, phone 12 617 32 15.
